

Excellence, Confidence, Compassion, Happiness

Personal Responsibility, Social Responsibility, Environmental Responsibility

What's been happening?

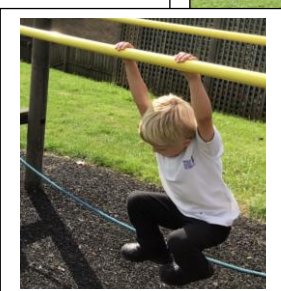

Science in Year 5.

Year 5 have been very fortunate to have this week's science session about our solar system and space delivered by an expert this week. Thank you very much to Mrs Munson for sharing your skills and knowledge with us!

Enjoying the warmer weather

We love making the most of our wonderful school grounds, made even more inviting with the warm weather!

School council elections

Watch this space we'll soon be introducing you to our new school councillors! Each year we recruit 2 children from each class to represent the voice of children in school. The children have been asked to think about the qualities they think they have to make effective school councillors and we're hoping they will be pitching to their teachers and class before the class anonymously votes in who they would like to represent their class.

What's happening next?
