Staying Safe Online – This Week’s Focus

This week in assembly and in classes, children have been learning about the importance of staying safe online. The theme for this year was *"Too Good to Be True?"* helping children understand how to protect themselves and others from online scams.

A huge well done to our Internet Safety Crew for delivering a fantastic assembly and raising awareness about online safety! To continue the conversation at home, we recommend exploring Internet Legends, a fantastic resource filled with games and activities to support children in developing safe online habits.

Year 1 Class Assembly

Congratulations to Kingfisher Class on a fantastic assembly! Your voices were loud and clear, you remembered your lines beautifully and you showcased all the amazing things you've learned so far in Year 1. Your assembly had a bit of everything including science, history, computing, and geography. It was wonderful to see your enthusiasm and hard work shine through. You should all be very proud of yourselves!

Hall Park

This afternoon, Year 1 took their learning beyond the classroom with some fantastic geography fieldwork. The children walked down to Hall Park to edit and improve the maps they had created, using real-world observations to make their work even more accurate. It was a great opportunity for them to develop their mapping skills and explore their local environment.

What's happening next?
